

The New Group of World Servers

World Servers Day 28 December

This is a day for the focus of thought, meditation and prayer for the men and women all over the world who are endeavouring to meet the needs and solve the problems of the times.

World Servers

World servers are pioneers in every field of human endeavour. They are a diverse group of creative and inspirational people who are working worldwide attempting to bring Light into darkness and lift the burden of suffering.

This rapidly growing group is made up of all those who are dedicated to bringing beauty and harmony out of chaos and conflict. They are attuned to and work with the manifestation of right human relations through the practical working out of goodwill in all its forms and opportunities. They are synthesising points of cooperation and cohesion.

These people are at the same time visionaries and servers, initiators of courage and sensitive to the higher, spiritualising powers and principles, and although they are inwardly linked with each other by their spiritual purpose, they usually tread a lonely path, and one of difficulty if not danger.

Supportive Recognition & Celebration

Their need for our support in thought and heart is therefore real. We are often unaware of it for it rarely makes itself heard, but just as change begins in 'the minds of men', so it is on these inner levels – beyond racial, religious and political contentions – that the invoking of light and strength and wisdom renders its greatest aid.

Thought, meditation, prayer, all build more than we know. The dimensions of this subjective aid cannot be assessed. But it is the trust of those who know the powers of the higher, purer worlds and who are concerned to bring them into current affairs on Earth.

These men and women constitute the 'Bridge of Souls and Servers'. They are striving to lead us through the present testing times. Much depends upon their endeavours. So will you join, especially on World Servers Day – 28 December – or daily with the 5 O'Clock Mantram – in this vital, inner support of those who serve our times in more ways than are recognised?

The World Servers Mantram

**May the Power of the One Life
pour through the group of all true servers;**

**May the Love of the One Soul
characterise the lives of all
Who seek to aid the Great Ones;**

**May we fulfil our part in the One Work
through self-forgetfulness,
harmlessness and right speech.**
